

SPOTLIGHT VOLUNTEER

LYNNE PAYNE

Lynne volunteers on Monday mornings with reception and has been with WestAid for 2 ½ years. She is originally from El Paso where she obtained a bachelor's degree from University of Texas at El Paso in secondary education and a master's degree in reading education. She taught English, History and Public Speaking for 7th – 12th graders for 32 years! Just the fact that she was in secondary education is proof that she is a very patient person and well respected!

She has 2 children and 4 grandchildren who live in Ft. Worth which is the reason she came to Ft. Worth four years ago! She enjoys raising houseplants; not just a few, but hundreds! Her friends all agree that she lives in a “greenhouse!”

Lynne is great with clients and always greets them with a friendly smile when they walk in the door! Her organizational skills and helpful attitude are an asset to WestAid! Thanks Lynne!
